

It's Colorado's

Graduated Driver Licensing Laws

The number of young drivers involved in fatal crashes has **fallen by almost 50% in the last 20 years.**

But recently more young drivers have been involved in fatal crashes.

2005 - 2016: Colorado averaged **64** young drivers involved in fatal crashes per year.

2017 - 2019: Colorado averaged **82** young drivers involved in fatal crashes per year, **an increase of 28%.**

GDL laws mean safer roads for everybody.

Remember!

- No passengers under 21 for the first 6 months*
- Put your phone away
- Always buckle up

Drivers 20 and younger involved in fatal crashes
